Getting to the hotel from the airport:

*When reading this page, please refer to Image: 1 on your right.

You will start from **Customs**. Make your way to **DSB** and purchase your ticket.

*Please note: The machines only accept coins and all major credit cards. When asked where you will be going, choose Kongens Nytorv (3 zones). **Please keep your printed ticket (and receipt).**

Next, make your way to **Up to Metro**. You will take an escalator to the next floor and continue walking straight until the hall ends. Where the hall ends is where the metros are. You do not need to pay attention to which one you get on because there is only one line that goes to the airport (M2). Once you are on the metro get off at Kongens Nytorv.

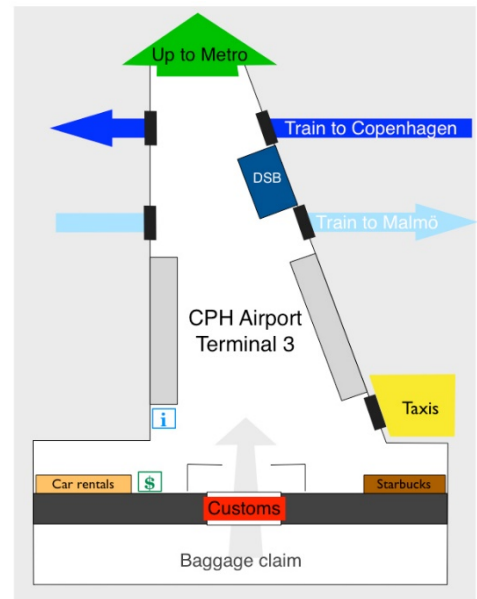

Image: 2 (below) is a visual of the metro lines. You will be on M2, getting on from Lufthavnen Copenhagen Airport, and getting off at Kongens Nytorv.

The Copenhagen Metro has two lines which run from suburban Vanløse to Vestamager and Copenhagen Airport, both situated on the island of Amager. The Metro runs 24 hours a day, every day of the week.

Once you have stepped off the metro at Kongens Nytorv, follow the exit signs.

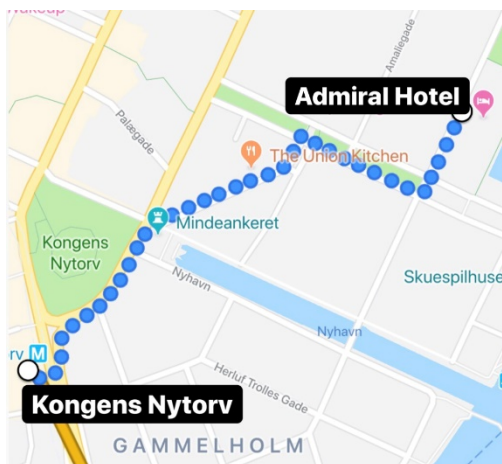

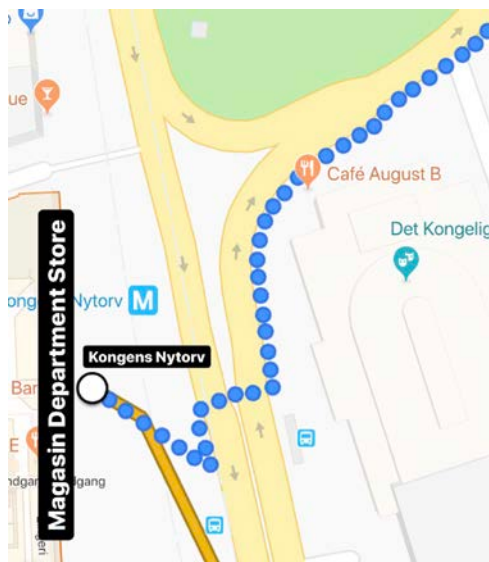

Image 3 shows a general overview from Kongens Nytorv to the Admiral Hotel.

Image 4, shows you a zoomed in aerial image of making your way across to the right side of the street once at Kongens Nytorv.

Image 4:

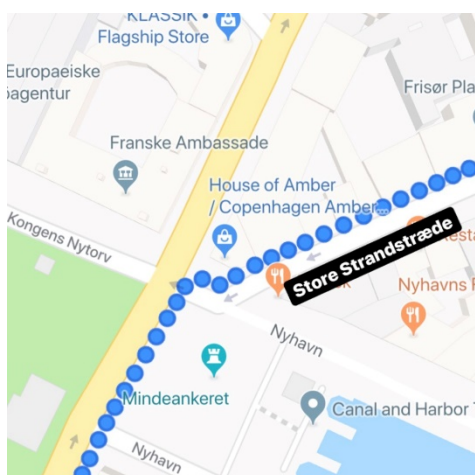

Once you have exited the Metro, notice Magasin Du Nord, the large department store.

With Magasin to your back, cross the two double lane streets. Watch out for bicyclists, they also have their own lane.

Once you have made it across the street safely, take a left.

Follow the path of the dotted blue lines on **Image 3**. You will see the famous colored houses along the harbor (this is called Nyhavn).

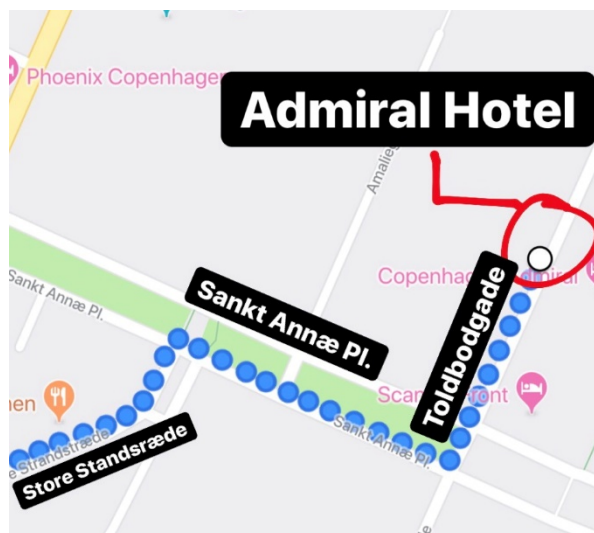

Image 5:

Once you have come to Nyhavn, you will notice a slight fork in the road. Make sure you go down the road named, “Store Strandstræde”.

Continue onto Store Strandstræde,

Image 6:

Once you have come to the end of Store Strandstræde, turn right onto Sankt Annæ Pl.

Once the green in the middle of the streets has finished, take a left (see **image 6**).

Once you have taken that left, continue straight onto Toldbodgade.

The Admiral Hotel will be on your right hand side.
