

EURL/NRL workshop and training 2022 Pesticide Residues in Cereals and Feedingstuff 28-30 June in Copenhagen, Denmark

The EURL for Pesticide Residues in Cereals and Feedingstuff is pleased to invite the NRLs to the EURL/NRL workshop and training 2022. The workshop will take place from 28-29 June at DGI-Byen in Copenhagen and the training from 29-30 June.

All NRLs can participate. The workshop will be free of charge for one person per Member State for each of the EURLs. This will include travel and accommodation that will be reimbursed. Please, indicate on the registration form whether you are the eligible NRL or not. You can [register here](#) no later than **23 May 2022**.

We have reserved rooms at DGI-Byen, Tietgensgade 65, 1704 København V (700 DKK ~95 € per night) from 27-30 June. You will not need to contact the hotel yourself. We will be responsible for this since we have rooms reserved.

Please, also make travel arrangements yourself and choose the cheapest connection possible. If the travel costs (including flight ticket as well as expenses for transportation to and from the airport by train/bus) exceed 300 Euro, please contact us before booking. Flight tickets should be booked before **23 May 2022**.

Please note, if you have registered, but do not show-up without informing us five days before, we will unfortunately have to charge you a maximum fee of 300€ to cover the costs.

Transportation from Copenhagen airport to the Hotel takes approx. 30 minutes by metro or train. Further information will be sent to you later.

- **Deadline for registration is 23 May 2022**
- **Deadline for booking flight 23 May 2022**
Please, forward the itinerary to eurl-cf@food.dtu.dk
- **Workshop fee for non-eligible participants are 300 €**

All participants are invited to contribute to the workshop by submission of:

- ▶ Scientific presentations
- ▶ Proposal for other topics to be included in the programme
- ▶ Suggest topics for training in connection to the SANTE document No. 11312/2021

The registration form will allow you to submit your suggestions there.

Topics for discussion at the workshop:

- ▶ Exchange of information from the Commission
- ▶ Results and discussion of Proficiency Tests
- ▶ General exchange of information
- ▶ Presentations from NRLs
