

**Instructions on how to fill the registration-form
for official EU pesticide-labs that are considered as
obliged to participate in this EUPT.**

1. Go to „www.eupt-registration.eu“

Please consider:

Our website is fully compatible with all browsers with specific limitations for the Microsoft Internet Explorer.

2. Click on „Login“

This website has been created by the four EU Reference Laboratories (EURLs) responsible for pesticide residues in food and feed and is intended for the registration to EU Proficiency Tests (EUPTs).

Please use your login credentials from EURL DataPool to login to the EUPT-Registration-website.

In case you are **not yet registered** in EURL DataPool, click on “Create Account”.

User ID: **JohnDoe** You are a member of the following laboratory: **JohnDoe's Pesticide Lab**

The EUPTs are directed to all National Reference Laboratories (NRLs) and all Official Laboratories (OfLs) in the EU Member States. NRLs operating in the same area as the organizing EURL, as well as OfLs whose scope overlaps with that of the EUPT, are legally obliged to participate in EUPTs. The legal obligation of NRLs and OfLs to participate in EUPTs arises from:

- Art. 28 of Reg. 396/2005/EC (for all OfLs analysing for pesticide residues within the framework of official controls of food or feed)
- Art. 101 (1)(a) of Reg. (EC) 625/2017 (for all NRLs)

Laboratories outside this EURL/NRL/OfL-Network may be allowed to participate on a case-by-case basis after consultation with DG-SANTE.

To register for an EUPT, select "Registration" from the EUPT Registration menu.

4. Click on the button „Register“ to open the registration-form for EUPT XY## (e.g. EUPT-SRM15).

Click the „Add an EUPT Registration Form“ button to add a registration form for an EUPT which is currently not registered in the table. Then select an EUPT Name, click the „Add“ button in column „Actions“ and finally fill-in the registration form.

Add an EUPT Registration Form

PT Name	PT Organizer	Registration Deadline	Remark	Participation	Actions	Lab Decision on EUPT
SRM15	EURL-SRM	23/12/2019	Rice	OBLIGED (as NRL)	Register	Not registered

The legal obligation to participate in the different EUPTs arises from:

- Art. 101 (1) (a) of Reg. (EC) 2017/625 (for all NRLs)
- Art. 38 of Reg. (EC) 2017/625 and Art. 28 of Reg. (EC) 396/2005 (for all OfLs analyzing for pesticide residues within the framework of official controls of food or feed)

According to the information in our official Lab-Network-database (hosted in EURL DataPool), your laboratory is considered as obliged to participate in an EUPT. In the column “Participation” you can find out if your lab is obliged to participate in this specific EUPT. If you consider this classification not correct, please contact your NRL and put eurl-srm@cvas.bwl.de on the cc list.

DG-SANTE expects from labs not intending to participate in a certain EUPT in which they are obliged to participate, to provide explanations. Details on how to provide this explanation are given in the next slides.

Carefully enter and check the **sample delivery address** and **invoice address**.

The addresses will be stored in our database and can be used for the next EUPT-XY##.

The lab name for shipment is limited to **e.g. 50 letters** (the form will give you a **hint if the number of letters in this field is too high:** This field is required (max. 50 letters).).

It may be written in your local language, **but MUST be written using Latin characters** (please do NOT use Greek or Cyrillic characters and avoid any special, language specific letters that may cause problems when preparing waybills).

(for Example, instead of using “Chemical and Veterinary Investigations Office, Stuttgart (CVUAS), Dept. Residues”, the short acronym “CVUA Stuttgart, Abt. RK” is preferred to be used and is better for delivery.)
